IMPORTANT SAFETY RECALL INFORMATION
Safety Recall Campaign 0194
MY25-26 Touring & CVO Touring Gear Position Sensor

To: Worldwide Dealers

Roles:
Dealer Operator, General Manager, All P&A Roles, All Service Roles, Vehicle Sales Manager

November 6, 2026

Dear Dealer:

Harley-Davidson has learned that the Gear Position Sensor (P/N 32700166) on certain MY25-26 Touring and CVO Touring model motorcycles (see table 1 below), built worldwide between 10/01/2025 and 08/03/2026, may contain plastic molding flash which can result in the ECM communicating the incorrect gear position of neutral when the transmission is actually in gear. This condition can allow unintended forward motion of the motorcycle, potentially increasing the risk of an injury. Accordingly, we have voluntarily declared that this condition constitutes a safety defect to allow us to formally recall all affected motorcycles.

The remedy is to first confirm that the motorcycle is covered by this recall. If covered, perform the recommended recall update per Service Bulletin M1741 (the "Bulletin") which will be released today. The Bulletin outlines the repair and credit procedures for the recall update and additional relevant information.

In the interest of our customers' safety, and as required by federal law, you may sell but **not deliver** any affected motorcycles until the recall remedy is complete. **Please refer to *H-Dnet / My Toolbox / Warranty Campaign Center*. Select "Safety Campaign Open VIN list," then separately select "0194" Campaigns to view the VIN lists.**

In accordance with federal regulations administered by the National Highway Traffic Safety Administration (NHTSA) and other appropriate market-specific government agencies, Harley-Davidson or authorized Harley-Davidson dealers will provide notice to all owners of record of affected products with direction to arrange for the recall service.

If you have any questions related to this recall, you can contact us at:

- U.S. dealers: Call 800-664-7762 and select the appropriate prompts
- International dealers: Contact your regional office

We take pride in the quality standards and controls we employ in our drive to lead the industry and deliver the world's best motorcycles. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.
