Dear Grand Design RV Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Grand Design RV has determined that a safety defect exists in certain **2021-2024 Grand Design Momentum and Solitude Fifth Wheels built with Curt Axles**. Accordingly, a recall to address this issue was initiated effective 3/11/2026.

<b>Why is a recall being conducted?</b>	Your RV may be equipped with Curt Axles, the u-bolts on these axles may loosen over time due to inadequate clamp load at the axle to spring interface.
<b>What are we doing about the problem?</b>	Dealers will replace the leaf springs attaching hardware (u-bolts, tie plates, and fasteners) with new Lippert Components-supplied parts. These proprietary components maintain proper axle-to-spring clamp load over time. Repair takes approximately 2 hours.
<b>What should you do?</b>	Contact your selling or nearest Grand Design RV dealer as soon as possible to schedule an appointment. If your distance from a Grand Design dealer is significant, please contact us at 574-825-9679 and choose the "recall prompt or email <a href="mailto:recall@granddesignrv.com">recall@granddesignrv.com</a> . We can discuss other arrangements to have the repairs completed.
