Reston, March 26, 2026

### NHTSA Recall No. 26V053

#### This notice applies to your vehicle, VIN

Dear Lamborghini Owner or Lessee,

Automobili  
Lamborghini America LLC

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Automobili Lamborghini S.p.A. has decided that certain Model Year 2024 and 2025 Revuelto vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 111, "Rear Visibility." 49 CFR 577.5(c)(2). Our records indicate that you are the owner of a vehicle in this recall.

#### What is the issue?

In the affected vehicles, when the driver quickly shifts into reverse within one second right after turning the engine OFF/ON (without the car going to sleep), a software issue may prevent the rear-view camera image from displaying behind the vehicle. A rear-view camera image that does not display decreases the driver's visibility, increasing the risk of a crash.

For the reason set forth above, it is therefore necessary to update these vehicles. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.

#### What will Lamborghini do?

Affected vehicles will have the rear-view camera software updated with improved management performance, free of charge. The operation will take approximately 2 hours. Please understand if the measure may take a longer period of time for organisational reasons in the operational process. We apologize for any inconvenience this recall may cause.

#### What Do You Need to Do?

We encourage you to contact your authorized Lamborghini dealer to schedule an appointment to have this important free update performed. Please bring this letter and your Service Booklet with you when you visit the dealer, so that we can make all necessary entries. Until the time the recall has been completed, customers are advised to be extra vigilant when operating the vehicle.
