IMPORTANT SAFETY RECALL

RENTAL FLEET OWNER NOTIFICATION **NHTSA Recall 26V-145**

This notice applies to your fleet vehicle, [VIN]. [May 10, 2026]

Dear Nissan Sentra Rental Fleet Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2026 Model Year Nissan Sentra vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 207, "Seating Systems," No. 210, "Seat Belt Assembly Anchorages," and No. 202a, "Head Restraints." Our records indicate that you own or lease the Nissan vehicle subject to this recall as identified by the VIN above and on the inside of this notice.

Reason for Recall

On affected fleet vehicles, the front seat assembly may have been improperly welded during the supplier's manufacturing process. As a result, the front seat assembly may not meet certain Federal Motor Vehicle Safety Standard performance requirements outlined above. In this condition, there is an increased risk of injury to the occupant in the event of a crash.

What Nissan Will Do

Your Nissan dealer will replace the affected front seat with a new seat assembly. This service, which is conducted at no charge to you for parts and labor, could take up to one (1.0) hour to complete. However, your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.
