IMPORTANT SAFETY RECALL

Instrument Panel Cluster

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2024-2025 model year (LB) Dodge Charger Daytona and (KM) Jeep Wagoneer S] vehicles fail to comply with various federal motor vehicle safety standards.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The Instrument Panel Cluster (IPC) on your vehicle ^[1] may not display required indicators and telltales. **Failure to display critical safety information, such as the BRAKE, Electronic Stability Control (ESC), and Tire Pressure Monitoring System (TPMS) warning lights and gear selection indicator can increase the risk of a crash without prior warning.**

The condition above fails to comply with certain Federal Motor Vehicle Safety Standard (FMVSS) regulations, such as FMVSS 571.108; Lamps, Reflective Devices, and Associated Equipment, FMVSS 571.138; Tire Pressure Monitoring System and FMVSS 571.208; Occupant Crash Protection, FMVSS 571.135; Light Vehicle Brake Systems, FMVSS 571.126; Electronic Stability Control Systems for Light Vehicles. Each FMVSS regulation requires various telltales and indicators. Vehicles with an inoperative IPC may not display required information.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US LLC will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will update the IPC software. The estimated repair time is up to one hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, JEEP®, DODGE OR RAM DEALER TODAY**

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
