WHAT IS THE PROBLEM?

On motorhomes affected by this recall campaign, the 7000I Onan/Cummins generator may be susceptible to electrical line noise from the furnace on certain class A gas motor homes. Under normal start-up or shutdown of the RV furnace, an electrical signal may be induced going to the generator control module, turning the generator off or on. During routine servicing of the generator a risk of injury may result if an un-commanded start up occurs. Also, a risk of carbon monoxide poisoning or death may result if an un-commanded start of the generator occurs while in an enclosure where people are located or animals are kept.

Identify any warning which can precede or occur:

Note: The generator may start or stop or attempt to start creating an audible noise when the furnace blower motor turns on or off.

WHAT SHOULD YOU DO?

Please make certain your motorhome is immediately inspected by contacting an **authorized REV Recreation Group servicing dealer** to have this recall performed.

For assistance locating an **authorized REV Recreation Group servicing dealer**, please call REV Recreation Group Owner Relations toll-free at: **(800) 322-8216**

WHAT WILL REV RECREATION GROUP DO?

With your continued satisfaction in mind, it is our intention to have these repairs made at your convenience with as little disruption as possible. Effective immediately, RRG dealers have been provided with technical instructions needed to enable technicians to perform the remedy including adding a relay harness that will plug into the existing Fleetwood/Onan harness to reduce potential of electrical line noise.

The repair will take a minimum of .50/hr. to complete; however, because of service scheduling times, your dealer may need the vehicle for a longer period of time. **This service will be performed for you free of charge.**

When you deliver your motorhome for repairs, your dealer will complete a **Repair Order**. Upon completion of the repair, please sign the **Repair Order** and fill out the enclosed self-addressed **Vehicle/Owner Information Update Card** with the servicing dealer information and return it to REV Recreation Group-

If you have changed your address or sold the motorhome, please take a moment to provide the name and address of the person or dealership you sold it to on the enclosed **Vehicle/Owner Information Update Card** and return it to REV Recreation Group. This will allow us to update our records and if necessary, notify the new owner using the information you provide.
