Dear Audi Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi has decided that a defect, which relates to motor vehicle safety, exists in certain 2025 model year Audi vehicles. Our records show that you are the owner of a vehicle affected by this action.

**What is the issue?**

In a crash where the driver and/or front passenger seat belt pretensioner activates, the seat belt may not maintain proper tension, resulting in increased belt slack and reduced restraint performance. As a result, the occupant may not be adequately restrained during a crash, increasing the risk of injury.

**What will we do?**

To correct this defect, your authorized Audi dealer will replace the driver and/or front passenger seat belt. This work will take up to three hours to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the work, as well as to accommodate their daily workshop schedule.
