

IMPORTANT SAFETY RECALL

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2026 model year Chevrolet Express and GMC Savana vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM recall N262558671.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.
- Until the vehicle is remedied, drivers should visually verify the shift position indicator each time a gear is selected and apply the parking brake whenever the vehicle is placed in Park.

Why is your vehicle being recalled?

In these vehicles, a component within the shifting system may have a supplier manufacturing defect that can cause a false tactile indication of the gear selector position. The gear position indicator on the instrument cluster correctly displays the transmission gear. If a driver relies only on tactile indication of the vehicle's gear position, unintended vehicle motion may occur, increasing the risk of a crash. Until the vehicle is remedied, drivers should visually verify the shift position indicator each time a gear is selected and apply the parking brake whenever the vehicle is placed in Park.

What will we do?

Your GM dealer will replace the transmission control on the steering column, free of charge. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately one hour.

What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

Do you have questions?

You may schedule your vehicle for repair using the QR code below. For more information about your vehicle, or if you have questions or concerns that your dealer is unable to resolve, please visit gm.com/service. You can also use your preferred voice assistant (for example, "Please go to GM.com"), or call the Buick, Chevrolet or GMC Customer Assistance Center at 1-866-467-9700. For Cadillac, please call 1-800-333-4223.

For the hearing or speech impaired, please contact our Customer Assistance Center using the Telecommunication Relay Service by dialing 711 then providing the appropriate Customer Assistance Center number for your vehicle.

If your dealer fails or is unable to remedy this recall without charge, or within a reasonable amount of time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.888.275.9171), or go to <http://www.nhtsa.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is. 26V345

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
