August 2026

NHTSA RECALL NO. 26v461

This notice applies to your vehicle identified on the enclosed card.

Dear IC Bus Customer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

IC Bus has decided that certain 2025 thru 2027 IC Bus™ CE Series commercial buses built 04/16/2024 thru 01/22/2026 fail to conform to Federal Motor Vehicle Safety Standard No. 221, “School Bus Body Joint Strength."

REASON FOR THIS safety RECALL

Certain commercial buses fail to comply with the requirements of Federal Motor Vehicle Safety Standard 221 Section 5.1, “School Bus Body Joint Strength." The driver window panel and entrance door vertical joints may have been produced without sufficient epoxy coverage.

Risk to Motor vehicle safety

In the event of a crash, the exterior joint may separate, increasing the risk of injury to occupants in the vicinity of the affected joint(s).

DEFECT REMEDY

The remedy will involve installing reinforcement rivets along the driver-side window seam and entrance door seam. The repair will be performed free of charge and take approximately 1 hour to complete.
