«Address»
«City», «State» «Zip»

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Magic Tilt Trailers, Inc. ("Magic Tilt Trailers") has decided that a safety related defect exists in certain Aluminum PWC Trailers manufactured during the 2025 calendar year, specifically models FA9105, FA9105-AW, FA9110, FA9110-AW, FA9115, and FA9115-AW. This issue involves the possibility of winch post failure at the weld between the base plate and the I-beam upright. A detached winch post can result in an unstable load, creating a road hazard and increasing the risk of a crash or injury.

Your trailer has been identified as one that is included in this recall. You are advised to **immediately contact your local authorized Magic Tilt Trailers dealer or Magic Tilt Trailers directly to schedule the required service to replace your winch post and the associated mounting hardware**.

The defect will be remedied by your authorized Magic Tilt Trailers dealer or representative replacing the winch post and the associated mounting hardware. This will take approximately 15 minutes to perform for a single PWC trailer and 30 minutes to perform for a double PWC trailer. However, additional time may be required depending on how dealer appointments are scheduled and processed.

To make the appointment to schedule the necessary replacement of the post and associated winch mounting hardware, which will be performed at no charge to you, please do the following:
