“Right first time in Time”

UPDATE: Revised ordering instructions

Reference Bulletins: QB R89978

Volvo Car USA LLC on behalf of Volvo Car Group, has decided to launch Recall R89978 on certain model year 2011 – 2017 S60, V60, S60CC, S60I, V60CC vehicles.

Volvo has identified that if the vehicle is exposed to extreme hot climate conditions over time, the door latch will be weakened and the retention hook for pawl spring in the side door latch may break off while being used, i.e. when the door is being opened.

The corrective action is to replace all four (4) door latches in both front and rear side doors with new improved door latches.

Parts Bulletin R89978

Depending on the vehicle model and optional equipment, any 4 of the following part numbers will apply:

Part Number	Description	Latch Location	Market	Qty
