Repair Remedy NOT available

2026 (DT) Ram 1500 Pickup
(Unsold vehicles ONLY)

2026 (DT) Ram 1500 Pickup

Template Version 1.0

Revision	Edition	Detail
0	July 2026	Initial Version.

NOTE: This is an interim inspection for unsold vehicles ONLY. Final repair remedy not currently available.

SYMPTOM DESCRIPTION

The headlamp assemblies on about 12,592 of the above vehicles may experience intermittent Parking Lamps and Daytime Running Lights (DRLs) illumination. Parking lamps and DRLs which turn off or flicker when not intended may reduce the conspicuity of the vehicle which may cause a vehicle crash without prior warning.

The condition above fails to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 571.108 S6.1.1 referencing Table I requires subject vehicles to be equipped with DRLs and Parking Lamps that are steady burning when activated. Suspect vehicles may illuminate the DRLs and Parking Lamps intermittently.

SCOPE

This recall applies only to the above vehicles equipped with Premium Headlamps (sales code LM6).

NOTE: Some vehicles above may have been identified as not involved in this recall and therefore have been excluded from this recall.

IMPORTANT:

- Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$27,874 per vehicle.
- Some of the involved vehicles may be in dealer used vehicle inventory. Dealers should complete this recall service on these vehicles before retail delivery.
- Dealers should also perform this recall on vehicles in for service.

Involved vehicles can be determined by using the VIP inquiry process.

REPAIR TO BE PERFORMED

Inspect, and if necessary, replace the headlamp assembly.

ALTERNATE TRANSPORTATION

Dealers should proactively minimize customer inconvenience while the recall repair is being performed. Reference the Goodwill Alternate Transportation Guidelines warranty bulletin link within Recall Central on DealerCONNECT for options to support the customer while their vehicle is in service.

COMPLETION REPORTING / REIMBURSEMENT

Claims for vehicles that have been serviced must be submitted on the DealerCONNECT Claim Entry Screen located on the Service tab. Claims paid will be used by FCA to record recall service completions and provide dealer payments.

Use the following labor operation numbers and time allowances:

Labor Description	Number	Hrs
Inspect both headlamps – Failed, hold vehicle for repair, recall remains open	08-62-DL-81	0.3
Inspect both headlamps – Passed, release vehicle for sale and close recall.	08-62-D1-81	0.3

Labor Description	Number	Allowance
Floor Plan Reimbursement	95-95-95-97	Calculate See Below

Floor Plan Reimbursement represents a new vehicle's average daily allowance (see table below) multiplied by the number of days the vehicle was in dealer inventory and not available for sale. This

reimbursement is limited to the number of days from the date of the stop sale to the date that the remedy was made available. Note: If the vehicle was received by your dealership (KZX date) AFTER the stop sale date, you will use the KZX date instead of the stop sale date. For this Recall, the stop sale was initiated on 07/09/2026 and the remedy was made available on 07/30/2026, therefore, the number of days cannot exceed 21 days.

Vehicle	Average Daily Allowance
2026 (DT) Ram 1500 Pickup	

NOTE: See the Warranty Administration Manual, Recall Claim Processing Section, for complete recall claim processing instructions.

For Mobile Service Reimbursement, dealer to include standard dealer entry and mark-up for parts, standard dealer entry and labor rate for service, as well as the special services code for mobile allowance. The special services LOP will only be paid once per VIN and may NOT be used in coordination with any Alternate Transportation claims.

For additional details, reference the Mobile Service Warranty Bulletin - for convenience, a copy has been linked within Recall Central on DealerCONNECT.

PARTS INFORMATION

No parts are required to perform the inspection procedure.

PARTS RETURN

No parts return required for this campaign.

Render the recalled headlamp assembly unusable and discard.

DEALER NOTIFICATION

To view this notification on DealerCONNECT, select "Global Recall System" on the Service tab, then click on the description of this notification.

OWNER NOTIFICATION / SERVICE SCHEDULING

All involved vehicle owners known to FCA are being notified of the recall by first class mail. They are informed the remedy is not currently available and will be contacted again, by mail, with a follow-up recall notice when remedy is available to schedule appointments for this service with their dealers. A generic copy of the owner letter is attached.

VEHICLE LISTS, GLOBAL RECALL SYSTEM, VIP AND DEALER FOLLOW UP

All involved vehicles have been entered into the DealerCONNECT Global Recall System (GRS) and Vehicle Information Plus (VIP) for dealer inquiry as needed.

GRS provides involved dealers with an updated VIN list of their incomplete vehicles. The owner's name, address and phone number are listed if known. Completed vehicles are removed from GRS within several days of repair claim submission.

To use this system, click on the "Service" tab and then click on "Global Recall System." Your dealer's VIN list for each recall displayed can be sorted by: those vehicles that were unsold at recall launch, those with a phone number, city, zip code, or VIN sequence.

Dealers must perform this repair on all unsold vehicles before retail delivery. Dealers should also use the VIN list to follow up with all owners to schedule appointments for this repair, once available.

Recall VIN lists may contain confidential, restricted owner name and address information that was obtained from the Department of Motor Vehicles of various states. Use of this information is permitted for this recall only and is strictly prohibited from all other use.

ADDITIONAL INFORMATION

If you have any questions or need assistance in completing this action, please contact your Service and Parts District Manager.

Customer Services / Field Operations
FCA US LLC.

SERVICE PROCEDURE

A. Headlamp Production Date Inspection

1. Open the engine compartment hood.
2. Remove engine cover if it overlaps the closeout panel.
3. Remove the push pin fasteners and remove the closeout panel (Figure A1).
4. Using a borescope, inspect the inboard side of each headlamp to locate the manufacturer information label (Figure A2).

Figure A1 – Closeout Panel

1 - Closeout Panel

2 - Push Pin Fastener

Figure A2 – Inspection Location

5. Read and record the date code located on the label. The date code is located in two areas on the label. One date code may be easier to read than the other depending on label orientation (Figure A3).

The Date code is **Month Day Year**.

First two digits represent **Month**, second two digits **Day**, last two digits **Year**.

NOTE: both date codes on the label contain the same information so only one date code must be read per headlamp.

6. If the date code identifies the lamp was manufactured between **October 29, 2025, through February 16, 2026**, the lamp is suspect and must be replaced. If the lamp was manufactured either before or after that date range, the lamp is not suspect and will NOT require replacement.

-
7. If neither lamp is suspect, install the closeout panel and push pin fasteners (Figure A1). Install the engine cover if removed then close the engine compartment hood. Claim the LOP 08-62-D1-81 to complete the vehicle inspection. Vehicle may now be sold to customer or returned to inventory.
 8. If one or both lamps are within the suspect range, claim the interim LOP 08-62-DL-81 and hold the vehicle. Recall will remain open until remedy is available. Vehicle may not be sold until remedy is completed.

YOUR SCHEDULING OPTIONS

1. Visit recalls.mopar.com to sign up for email or SMS notifications for when remedy parts become available. You will be asked to provide your Vehicle Identification Number (VIN), provided above.
2. Scan below using your smartphone or tablet to sign up to be notified when remedy parts become available.

QR Code

3. Wait for FCA US to contact you again, by mail, with a follow-up recall notice when remedy parts are available.
4. Call the FCA Recall Assistance Center at 1-800-853-1403. An agent can sign you up to be notified when remedy parts become available, or answer any other questions you may have.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall 62D.

IMPORTANT SAFETY RECALL

Headlights

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC, has decided that certain [2026 model year (DT) Ram 1500 Pickup] vehicles fail to comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 108 - Lamps, reflective devices, and associated equipment.

WHY DOES MY VEHICLE NEED REPAIRS?

The headlight assemblies on your vehicle ^[1] may have been produced with internal harness connector terminals that were not fully connected, which can turn off the Parking Lights and/or Daytime Running Lights (DRLs). **Parking lights and DRLs which turn off or flicker when not intended may reduce the vehicle's visibility to other drivers which can cause a vehicle crash without prior warning.**

The condition above fails to comply with the requirements of FMVSS No. 571.108 S6.1.1 referencing Table I requires subject vehicles to be equipped with DRLs and Parking Lights that are steady burning when activated. Suspect vehicles may illuminate the DRLs and Parking Lights intermittently.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

The remedy for this condition is not currently available. We are making every effort to finalize the remedy, and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US LLC will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online ^[3]. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

Customer Assistance/Field Operations
FCA US LLC

Mr. Mrs. Customer
1234 Main Street
Hometown, MI 48371

[1] If you no longer own this vehicle, please help us update our records. Call the FCA Recall Assistance Center at 1-800-853-1403 to update your information.

[2] If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or you can call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to safercar.gov.

[3] You can also mail in your original receipts and proof of payment to the following address for reimbursement consideration: FCA Customer Assistance, P.O. Box 21-8004, Auburn Hills, MI 48321-8007, Attention: Recall Reimbursement.

Note to lessors receiving this recall notice: Federal regulation requires that you forward this recall notice to the lessee within 10 days.
