The Shyft Group, Inc. has decided that a defect which relates to motor vehicle safety exists in certain model year 2024 through 2027 model year, K1, K2, K3 and K4 model Spartan RV Chassis brand motor home chassis.

What is the problem?

The affected chassis fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 108 – Lamps, Reflective Devices, and Associated Equipment. Shyft will supply new pressure switches with a pressure setting that will cause the brake lamps to not be illuminated with residual air pressure. The repair is expected to up to 1 hour and will be performed at no charge. We will notify owners of the affected vehicles and direct them to the nearest service center to have the remedy applied.
