Complete Safety Recall 296 with BlueLink

Dear Valued Hyundai Customer,

You are just one step away from completing **Safety Recall 296** on your **2026** **%%=Propercse(%%ModelName%%)=%%%**.

This quick **software updates operating logic for the 2nd- and 3rd-row power seats** to modify system response under certain operating conditions.

The good news:

You can complete the update right in your vehicle - no dealer visit required.

Before you begin:

If you see an icon in the top right of the center screen showing **two circular spinning arrows**, this means the software update has not yet finished downloading. Once the download is complete, you can follow the instructions below to install the Recall 296 software update.

✓ How to Complete Recall 296

1. **Park your vehicle**, turn the ignition to the OFF position and ensure all doors are closed.
2. **Wait for the Recall 296 message to appear** on your center screen. If no message appears, this means that one or more of the installation conditions have not been met. You will see the installation message during one of the next times you power off your vehicle.
3. **Tap "Install"** on the screen.

That's it—no other action needed.

 **Installation time:** Less than **20 minutes**

 **Important:** The vehicle cannot be driven while the update installs.

We recommend completing this update at your earliest convenience.

Thank you for taking care of this important update. If you have any questions, please visit [Contact Us](#) | [MyHyundai](#) for support.

Sincerely,
