IMPORTANT SAFETY RECALL

High Pressure Fuel Crossover Pipe

This is an Important Safety Recall.

- We are currently preparing the remedy. **We will notify you when the remedy is available.**
- To stay up-to-date about this safety recall or for more information, you can call or visit:
1-844-340-9741 or www.genesis.com/recall

This notice applies to your [Model Year] Genesis [Model] vehicle, VIN: XXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Genesis has decided that a defect, which relates to motor vehicle safety, exists in **certain 2021 – 2025 model year Genesis GV80, 2023 – 2025 model year Genesis G90, 2021 – 2025 model year Genesis G80, and 2022 – 2026 model year Genesis GV70 vehicles.** Genesis is initiating Safety Recall 033G to address a condition involving the **High Pressure Fuel Crossover Pipe**. Our records indicate that your vehicle, with the VIN listed above, is affected by this recall.

The purpose of this letter is to explain what the recall is about and to keep you informed of Genesis's recall implementation plan. We are currently developing a safety recall remedy which, when available, will be performed at **NO CHARGE** to you. **We will send you another notification when the remedy is available.**

What is the problem?

The crossover fuel pipe connecting the left and right fuel rails on the engine may have been installed with compression nuts that may loosen. A fuel pipe with loose connections could result in a fuel leak, increasing the risk of an engine compartment fire. Occupants may detect a fuel smell or odor.

What should you do in the interim?

We appreciate your patience. Genesis is currently developing a safety recall remedy to inspect or tighten the compression nut, and if necessary, replace the Crossover Pipe. This procedure will be performed at **NO CHARGE** to you. You will receive a second notification letter when the remedy is available. In the interim, if you detect a fuel smell or odor or notice a fuel leak, you should seek service at your Genesis Retailer as soon as possible. If you have further questions regarding this recall notice, you can reach out to Genesis Motor America by calling 1-844-340-9740.

Additional information

If you have any questions or require further assistance, you may contact the Genesis Customer Assistance Center at 1-844-340-9741.

If you believe that the retailer or Genesis has failed or is unable to remedy the defect without charge, or within a reasonable amount of time, you may wish to write to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, D.C. 20590, or call their toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153), or go to NHTSA.gov.

Your safety is our top priority. Please follow the safety recommendations in this letter. You will be notified by mail when the recall remedy is available. We sincerely apologize for any inconvenience this may cause and appreciate your attention to this matter.

Genesis Motor America, LLC

Are you a California registered owner?

The California Air Resources Board requires that **emissions related campaigns such as this be completed prior to annual vehicle registration renewal.** Without repair, you may not be able to complete your vehicle registration and obtain a license tag. Once this repair has been completed, your Genesis Retailer will provide a “Proof of Correction Certificate.” The California Department of Motor Vehicles (DMV) may request this Proof of Correction Certificate during your next vehicle registration. This certificate should be kept with your vehicle records thereafter.

Are you a registered owner in Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, or Washington?

Because your state has adopted the California emissions regulation, your Genesis retailer will also provide a “Proof of Correction Certificate” once this repair has been completed. Your state’s Department of Motor Vehicles, Department of Transportation, Motor Vehicle Administration, Motor Vehicle Commission or Department of Licensing may request this Proof of Correction Certificate during your next vehicle registration. This certificate should be kept with your vehicle records thereafter.

HUNTINGTON BEACH, CA 92647

NHTSA Recall Number: 26V-229
Genesis Motor America Recall Number: 033G

If you are a vehicle lessor, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

No longer own this vehicle?

You received this notification because U.S. federal regulations require automotive manufacturers to notify last known owners of recalled vehicles based on current owner records. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.
