IMPORTANT SAFETY RECALL

Headlights

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC, has decided that certain [2026 model year (DT) Ram 1500 Pickup] vehicles fail to comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 108 - Lamps, reflective devices, and associated equipment.

WHY DOES MY VEHICLE NEED REPAIRS?

The headlight assemblies on your vehicle ^[1] may have been produced with internal harness connector terminals that were not fully connected, which can turn off the Parking Lights and/or Daytime Running Lights (DRLs). **Parking lights and DRLs which turn off or flicker when not intended may reduce the vehicle's visibility to other drivers which can cause a vehicle crash without prior warning.**

The condition above fails to comply with the requirements of FMVSS No. 571.108 S6.1.1 referencing Table I requires subject vehicles to be equipped with DRLs and Parking Lights that are steady burning when activated. Suspect vehicles may illuminate the DRLs and Parking Lights intermittently.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

The remedy for this condition is not currently available. We are making every effort to finalize the remedy, and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US LLC will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online ^[3]. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
