

IMPORTANT SAFETY RECALL
PROGRAMA DE SEGURIDAD IMPORTANTE

- Your MY 2026 Nissan LEAF vehicle is subject to an open Safety Recall due to a risk of improperly securing a Child Restraint Seat with an affected Rear Outboard Seat Belt Assembly.
- **Immediate action is required:**
 - 1. Child seats MUST be secured using the LATCH anchor system.**
 - 2. If LATCH is not available or impractical, only the middle seat belt assembly should be used to secure a child car seat.**
- Nissan is currently preparing parts to remedy your vehicle and is expecting the remedy to be available by Winter 2026.

INTERIM OWNER NOTIFICATION

NHTSA Recall 26V-425

NOTIFICACIÓN PROVISIONAL AL PROPIETARIO

This notice applies to your vehicle, [VIN].

J

July 21, 2026

Dear Nissan LEAF Owner:

This interim notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain Model Year 2026 Nissan LEAF vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 208 "Occupant Crash Protection." Our records indicate that you own or lease the Nissan vehicle identified by the VIN above and on the inside of this notice.

Reason for Recall

Motivo del Retiro

Your vehicle's rear outboard seat belt assemblies may be equipped with an Automatic Locking Retractor (ALR) that does not function as intended when used to secure certain specific child restraint seats. When installing certain specific rear-facing and forward-facing child restraint seats, the ALR mode on the rear outboard seat belts may release before the child seat is fully secured and tightened. This issue does not affect adult occupants or child seats secured via the independent LATCH anchor system. However, if you elect to use the outboard seat belt to secure a child restraint system, a malfunctioning retractor may fail to tightly secure the seat. An unsecured child restraint system can significantly increase the risk of injury to a child occupant during a crash.

What Nissan Will Do

Qué Hará Nissan

Nissan is currently preparing parts to remedy your vehicle. Nissan is expecting the remedy and parts to be available by Winter 2026. When the remedy is available, Nissan will send you a letter inviting you to have your vehicle repaired at no charge to you for parts and labor.

What You Should Do
Qué Debes Hacer

Immediate action is required:

1. **Child seats in the rear outboard seating positions MUST be secured using the LATCH anchor system. See Section 1 “Safety – Seats, seat belts and supplemental restraint system” in the vehicle Owner’s Manual for additional information. Owners should also consult the child restraint manufacturer’s instructions.**
2. **If LATCH is not available or impractical, the rear center seating position and seat belt may be used. Install the child restraint using the seat belt per the vehicle Owner’s Manual and the child restraint manufacturer’s instructions. Do not attempt to install a child restraint in the rear center seating position using the outboard LATCH lower anchors.**
