Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that a defect, which relates to motor vehicle safety, exists in certain [2022 and 2023 Model Year (WL) Jeep Grand Cherokee, 2021 through 2023 Model Year (WL) Jeep Grand Cherokee L and 2022 and 2023 Model Year (WL) Jeep Grand Cherokee Plug-In Hybrid Electric (PHEV)] vehicles.

WHY DOES MY VEHICLE NEED REPAIRS?

The rear coil springs on your vehicle ^[1] may not be correctly installed, allowing the coil spring to come out of position and detach from the vehicle while driving. **A rear coil spring that detaches from the vehicle while driving creates a road hazard to operators and occupants of other vehicles and can cause a vehicle crash without prior warning and/or may result in injury to other road users.**

The remedy for this condition is not currently available. We are making every effort to finalize the remedy, and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US LLC will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.
