

Quality Bulletin: K&N and SPECTRE Fuel Filter & Element Kit

OVERVIEW

K&N is committed to maintaining the highest standards of product quality and customer satisfaction. Recently, we identified a potential product quality concern with a limited selection of fuel filters, requiring proactive steps to ensure the continued satisfaction of our customers.

Five SKUs have been identified for review due to a potential performance-related nonconformance that may not align with the quality and customer satisfaction standards we establish for our filters.

PROACTIVE MEASURES

STOP SALE: At this time, we are implementing an immediate stop sale for the five SKUs identified in this communication. Please cease all sales of these products immediately and arrange for the return of any available inventory to K&N in accordance with the return instructions outlined below.

DISCONTINUATION: The five SKUs will be discontinued.

IMPACTED SKUs

81-0300	K&N Replacement Fuel Filter
81-0301	K&N Replacement Fuel Filter Element Kit
SPE-2369	SPECTRE Replacement Fuel Filter
SPE-6932	SPECTRE Replacement Fuel Filter
SPE-2358	SPECTRE Replacement Fuel Filter Element Kit

ALTERNATIVE PRODUCT: Your K&N sales representative will work with you directly on the recommended alternative product for replacement(s) for the impacted SKUs.

RETURN(s): All returns must have a K&N issued return authorization number (RGN) clearly labeled on the outside of all shipment containers.

To request a return authorization number (RGN) please contact K&N Customer Service by email **RMA@KNFILTERS.COM** or by phone at **1-866-401-5660**. Shipments without the return number clearly labeled may be delayed in processing and/or not be accepted. Please do not include any other items with your return as they will be discarded.

Once the RGN return number has been issued, please prepare and ship the impacted product(s) to the following address:

K&N Engineering Inc

Attn: Ref# RGN _____
741 Refuge Way
Grand Prairie, TX 75050
