SUBJECT: SAFETY RECALL NOTICE – STOP DELIVERY: F1030

On **February 13, 2026**, Daimler Truck North America (DTNA) filed a Defect Information Report (DIR) with the National Highway Traffic Safety Administration (NHTSA) and/or a Defect Information Notice (DIN) with Transport Canada (TC) informing the agencies of our intent to conduct a voluntary safety recall.

It is a violation of Federal Law for a dealer or distributor to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. **Some of the vehicles subject to this "Stop Delivery Notice" may be in your *new* vehicle inventory.** Until further instructions are available, ***new* vehicles subject to this "Stop Delivery Notice" must be held and not be delivered to customers.**

DTNA also strongly recommends that dealers and distributors remedy Recalls before selling *used* vehicles. For any used vehicle with an open recall not remedied before sale, DTNA requires that the dealer or distributor notify prospective buyers of the open recall.

Please ensure that the registration information for vehicles subject to this recall is up to date to facilitate accurate owner notification.

Affected Vehicles in F1030:

Make	Model	Model Yr. Start	Model Yr. End	Prod. Start Date	Prod. End Date
TBB	SAF-T-LINER EFX	2023	2026	8/29/2022	12/14/2024
TBB	SAF-T-LINER HDX	2023	2026	8/29/2022	12/13/2024

Problem: One or more heater hose clamps in the bus body may not have been installed in accordance with the required manufacturing procedures including appropriate use of torque control tools.

Owner Notification Mailing Schedule: 04/14/2026

Colleagues,

Please see the attached Stop Delivery Notice regarding a pending safety recall:

- **Recall #:** F1030
- **Subject:** Heater Hose Clamp
- **Population:** 2,910

We are providing this instructional communication to address new vehicles that are currently in dealer or distributor inventory (e.g. new trucks that have not yet been put into service).

These new vehicles are to be held until the subject recall has been completed. If a dealer or distributor has a new vehicle included in the safety recall in their inventory to be sold, the defect condition must be corrected before releasing it to a customer. It is a violation of Federal Law for a dealer or distributor to deliver a new motor vehicle with an open recall.

For a complete list of vehicles ordered by your location, impacted by this recall, please run OWL Campaign Report CM012 – Pending and Interim Without Repair Recall Notification VIN List.

If you have any questions regarding this information, please contact the DTNA Campaigns Group at 503-745-7366 or email DTNA-WAR-Campaigns@DaimlerTruck.com. For issues running the CM012 report, please file a PNA (Prism Network Assist) ticket.

Thank you,

DTNA Campaigns Management
