Dear General Motors Customer:

As the owner of a 2005 model year Chevrolet Malibu, Malibu Maxx, or Pontiac G6 vehicle, your satisfaction with our product is very important to us.

This letter is intended to make you aware that some 2005 model year Chevrolet Malibu, Malibu Maxx, and Pontiac G6 vehicles may lose their power steering assist. This is caused by electrical input signals within the steering column assembly. If the power steering assist is lost, a chime will be heard and the DIC will display a Power Steering warning message. The Service Vehicle Soon light will also illuminate. The vehicle can still be steered in a safe manner but will require greater driver effort at low vehicle speeds or when stopped.

Do not take your vehicle to your GM dealer as a result of this letter unless you believe that your vehicle has the condition as described above.

What We Have Done: General Motors is providing owners with additional protection for the steering column assembly. If this condition occurs on your 2005 model year Chevrolet Malibu, Malibu Maxx, or Pontiac G6 vehicle within 7 years of the date your vehicle was originally placed in service or 70,000 miles (110,00 km), whichever occurs first, the condition will be repaired for you at **no charge**. Diagnosis or repair for conditions other than the condition described above is not covered under this special coverage program.

What You Should Do: Repairs and adjustments qualifying under this special coverage must be performed by a General Motors dealer. You may want to contact your GM dealer to find out how long they will need to have your vehicle so that you may schedule the appointment at a time that is convenient for you. This will also allow your dealer to order parts if they are not already in stock. Keep this letter with your other important glove box literature for future reference.

Reimbursement: The enclosed form explains what reimbursement is available and how to request reimbursement if you have paid for repairs for the special coverage condition.

If you have any questions or need any assistance, just contact your dealer or the appropriate Customer Assistance Center at the number listed below. The Customer Assistance Center's hours of operation are from 8:00 AM to 11:00 PM, EST, Monday through Friday.
