**SUBJECT: XL 70/110 SA
WHEEL AREA STABILITY BLOCKS**

XL Specialized Trailers, Inc. is issuing a service bulletin for a limited time to all owners of 70 and/or 110 Slide Axle Trailers; this bulletin offers stability blocks for the sliding wheel area for limiting the amount of side to side tracking of the wheel area. Under this service bulletin, XL will offer the parts & regular ground UPS shipment*ONLY along with the schematic print for installation of these stability blocks for a limited time from September 1st 2007 through December 31st 2007.

How to order parts

Contact XL Specialized Trailers Customer Service Manager, Bryan Gray at 319-283-4468 or email him at – service@xlspecializedtrailer.com to obtain a warranty authorization number and have order placed. Required for ordering is the last 4 digits of the trailers VIN TAG for tracking identification. All customers ordering this service bulletin kit (Y101377) will initially be invoiced by XL Specialized Trailers, Inc. for the parts and regular UPS ground freight charges.

Reimbursement for Service Bulletin

After receiving the service bulletin kit, each customer will be required to fill out XL Specialized Trailers, Inc. warranty claim form (F-1000) and submit it for parts & freight reimbursement. NOTE: NO LABOR will be allowed under this service bulletin.

After Expiration Date

XL Specialized Trailers, Inc. will still offer these Stability Blocks after December 31st 2007, but will not offer for free parts or freight after the expiration date. All invoices will be required to be paid in full within the terms of sale.
