Subject: Dealer Connect Screen DC229 – Recommended Stock Level Report

Date: February 27, 2007

Dealer Connect Screen DC229 – Recommended Stock Level Report:

You now have the convenience of generating a report for your Hino Parts Recommended Stock Level using Dealer Connect. Option DC229 (Recommended Stock Level Report) is now up and running. This option can be used to generate a report, which will list your recommended stocking levels based on the target inventory turns entered. For your convenience, this report is automatically e-mailed to you. Here's how to generate this report:

1. Access screen DC229 – Recommended Stock Level Report in Dealer Connect.

2. Enter your Target Inventory Turns and click submit (Figure 1):

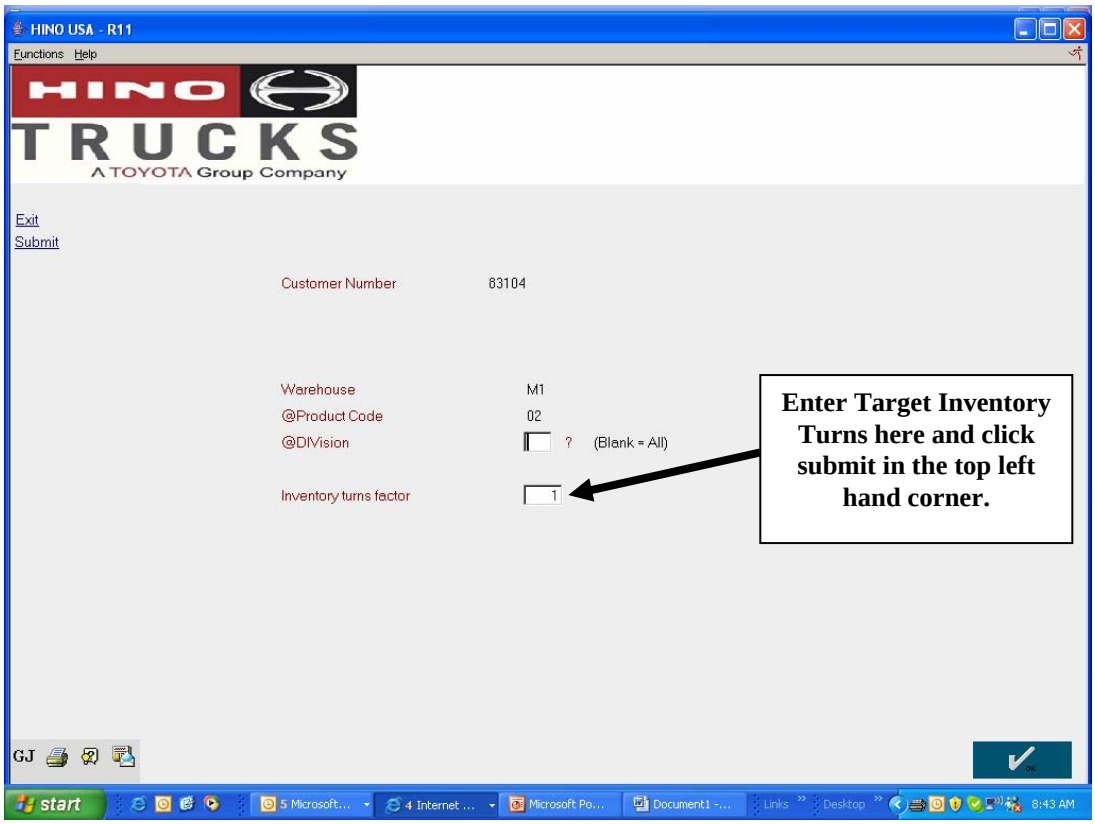

Figure 1

Hino Motors Sales U.S.A., Inc.
8425 Airways Boulevard, Suite 101
Southaven, MS 38671

Tel: 662-342-3939
Fax: 662-342-5151
Web: www.hino.com

3. You will then get a pop-up screen (Figure 2) asking where you want the report sent. Make sure the following settings are selected:

   Output Queue: WBHQ01 (you must choose this option to get the report e-mailed to you)
   Use the default settings for Copies, Hold Report, Job Path and Hold on Jobq.

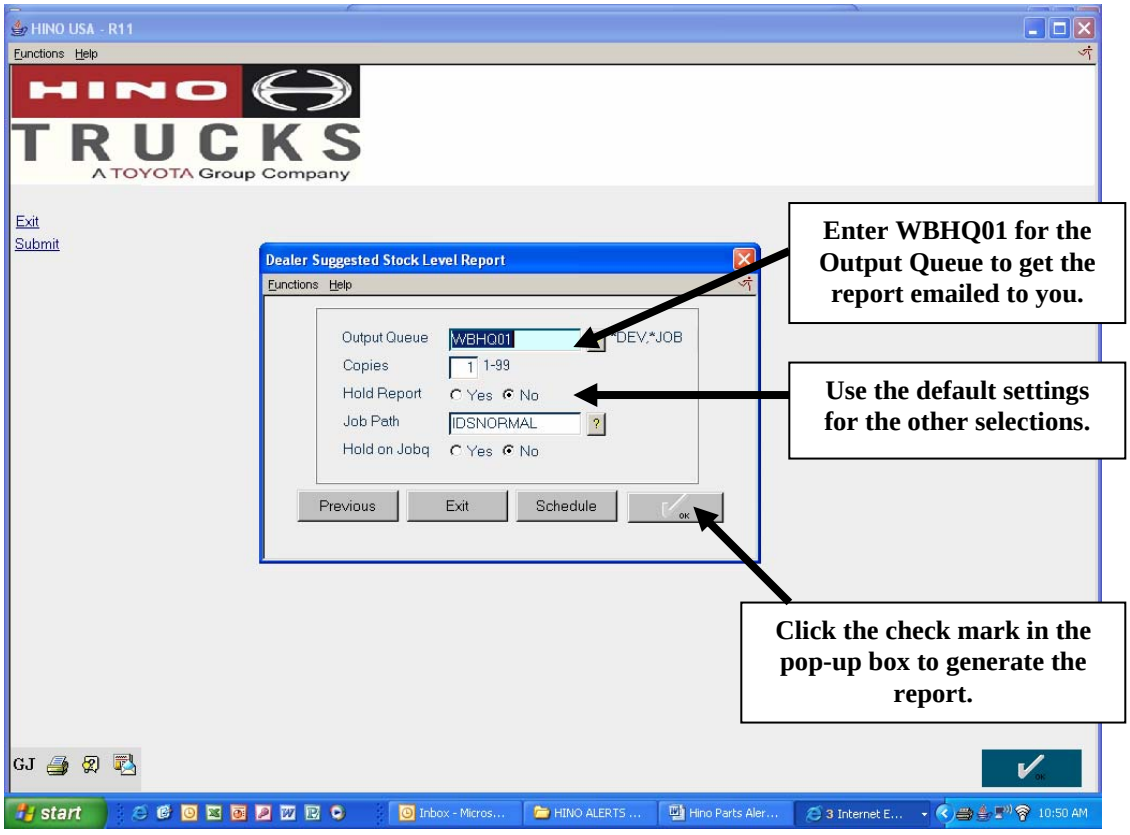

Figure 2

4. You will then get a confirmation screen as shown in Figure 3. You can remove the message by either clicking “Remove a Message” or hitting the F11 key.

5. A Hino Recommended Stock Level Report will be immediately e-mailed to the designated contacts at your dealer. If you have any questions about the e-mail distribution for your dealer, contact the Hino Customer Service Department at 866-372-HINO (866-372-4466).

Thank you for your continued support and your business. If you have any questions, please contact our Customer Service Department at 866-372-HINO (866-372-4466).

Sincerely,
