Subject: **Introduction of Pacbrakes for 4-Cylinder Trucks with Aisin Transmissions**

Date: March 13, 2007

Hino Trucks is proud to announce the expansion of our Pacbrake product line. Details are as follows:

Pacbrakes for 4-Cylinder Trucks with Aisin Transmissions:

Pacbrake has designed a PRXB Exhaust Brake specifically for 4-Cylinder Hino Trucks with Aisin Transmissions! Unlike previously released kits, this new kit contains an electronic controller designed to communicate with the Aisin transmissions to ensure seamless exhaust braking performance during torque converter lock-up.
