Dear General Motors Customer:

This notice is sent to inform you that General Motors is conducting a customer satisfaction program that affects certain 2006 and 2007 Pontiac G6 Coupes equipped with a single panel sunroof.

We have learned that the rear sunroof drain hoses in your car may have been misrouted when your car was assembled. Over time, the hoses may pull away from their connectors, allowing water to enter your car's interior.

What We Will Do: To prevent this condition from occurring, your GM dealer will partially lower the vehicle's headliner, reroute the drain hoses if necessary, and secure the hoses. This service will be performed for you at **no charge until February 29, 2008.**

What You Should Do: To limit any possible inconvenience, we recommend that you contact your dealer as soon as possible to schedule an appointment for this repair. By scheduling an appointment, your dealer can ensure that the necessary parts will be available on your scheduled appointment date.

Customer Reply Form: The enclosed customer reply form identifies your vehicle. Presentation of this form to your dealer will assist in making the necessary correction in the shortest possible time. If you no longer own this vehicle, please let us know by completing the form and mailing it back to us.

If you have any questions or need any assistance, just contact your dealer or the appropriate Customer Assistance Center at the number listed below. The Customer Assistance Center's hours of operation are from 8:00 AM to 11:00 PM, EST, Monday through Friday.
