OBD-II Compliance Voluntary Emission Recall Campaign 4907H**

Dear Mazda Owner:

On September 2007 Mazda Motor Corporation launched an Emission Recall Campaign to reprogram the Powertrain Control Module (PCM) on certain Mazda vehicles. According to our records, as of August 31, 2009 your vehicle has not had the necessary recall repair completed.

Your vehicle may be equipped with an improperly functioning on-board emission-related diagnostic system that violates California standards and regulations.

Your Mazda dealer will reprogram the PCM to include the latest calibration **free of charge**. The repair should take approximately half an hour to complete. However, it may take longer depending on the necessary repairs and service workload at your Mazda dealership.

To locate your nearest Mazda dealer, visit our website and try our "Locate a Dealer" feature at www.MazdaUSA.com or consult your local yellow pages.

If you have moved or no longer own your Mazda vehicle, please complete the enclosed prepaid *Information Change Card* as soon as possible. This enables us to update our records and notify the current owner.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you have any questions regarding this campaign, please contact our Customer Assistance Center at (800) 222-5500, option #4.

If Mazda or its dealers do not repair the defect free of charge and within a reasonable amount of time, you may notify the Administrator of the National Highway Traffic Safety Administration, 1200 New Jersey Ave., SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We actively work to improve our products and search for solutions to improve your ownership experience. Please accept our apologies for any inconvenience this recall may have caused you.

Sincerely,

Mazda North American Operations
