STOP DELIVERY ORDER

On July 26, 2013, GM ordered a stop delivery of certain 2014 model year Chevrolet Suburban and Tahoe; and GMC Yukon and Yukon XL vehicles.

Some of the involved vehicles are being held and inspected at the Vehicle Distribution Center (VDC) prior to being shipped to dealers. These vehicles will soon be on their way to dealerships and are removed from the stop delivery order.

The attached VIN list indicates the vehicles that are being inspected at the VDC and released from stop delivery. Upon receipt of the vehicles to the dealership, these vehicles can be sold and delivered to customers.

All other vehicles on the list are to be held and not sold or delivered to customers, dealer traded, or used for demonstration purposes until further notice.
