

February 2010

Dear General Motors Customer:

We have learned that your 2010 model year Chevrolet Cobalt, equipped with a turbo-charged engine, may have a condition in which a front brake line may contact the underbody of the vehicle. Brake lines positioned against the underbody of the vehicle may result in a brake line durability issue.

Your satisfaction with your Chevrolet Cobalt is very important to us, so we are announcing a program to prevent this condition.

What We Will Do: Your GM dealer will inspect the brake lines for adequate clearance, and if necessary, adjust the brake lines. This service will be performed for you at **no charge until February 28, 2011.**

What You Should Do: To limit any possible inconvenience, we recommend that you contact your dealer as soon as possible to schedule an appointment for this repair.

If you have any questions or need any assistance, just contact your dealer or the appropriate Customer Assistance Center at the number listed below.

Division	Number	Text Telephones (TTY)
Chevrolet	1-800-630-2438	1-800-833-2438
Guam	1-671-648-8450	
Puerto Rico – English	1-800-496-9992	
Puerto Rico – Español	1-800-496-9993	
Virgin Islands	1-800-496-9994	

Courtesy Transportation: If your vehicle is within the New Vehicle Limited Warranty, your dealer may provide you with shuttle service or some other form of courtesy transportation while your vehicle is at the dealership for this repair. Please refer to your Owner Manual and your dealer for details on Courtesy Transportation.

We sincerely regret any inconvenience or concern that this situation may cause you. We want you to know that we will do our best, throughout your ownership experience, to ensure that your Chevrolet Cobalt provides you many miles of enjoyable driving.
