Sealing Bottom Outside Corners of Flat Floor Dinette Slide Out Box

November 14, 2011

Dear Tiffin Customer/Dealer:

We are enclosing instructions to seal the slide out box (the flat floor slide out) behind the driver seat. This will help prevent water from entering inside the unit and coming into contact with the wooden floor. This is only for 2011's and 2012's, and only if you receive a letter. All units are not involved. You can do this job yourself, or take it to a dealer or service center. Upon completion, please complete the paperwork and send it back to us for our records. We are allowing one hour of labor for this repair to dealers and service centers, and a flat rate of \$25.00 if you the customer do it yourself.

Thank you,

Tiffin Motorhomes, Inc.
