A NAVISTAR COMPANY

AUTHORIZED FIELD CHANGE G-11925

DECEMBER 2011

Dear INTERNATIONAL® Customer,

Navistar has decided to perform an authorized field change campaign on certain DuraStar, WorkStar, and 1300 models built 5/18/10 thru 9/30/11 with a MaxxForce DT, 9 or 10 engine.

REASON FOR THIS CAMPAIGN

To prevent a drop in engine power during the exhaust regeneration cycle by optimizing the engine exhaust waste gate setting.

DESCRIPTION OF REPAIR

The repair will involve the installation of updated engine control module software. Dealers have software and instructions to repair your vehicle. The repair will be performed free of charge within the warranty period or one year from the date of this letter, whichever comes later and take approximately 60 minutes to complete.
