REVISION NOTICE

July 31, 2013 Rev1:

- Applicability has been updated to include 2012 – 2013 model year CT 200h vehicles.
- The Introduction, Warranty Information, Parts Information, and Repair Procedure sections have been updated.

Any previous printed versions of this bulletin should be discarded.

Introduction

Some 2011 – 2013 model year CT 200h vehicles may exhibit a condition where the front passenger interior door assist grip cover (door pull) becomes loose from the door panel. A newly designed front passenger interior door assist grip cover, 2 retaining clips, and repair procedure have been developed to address this condition. Please follow the procedure in this bulletin to install the updated door assist grip cover.

Production Change Information

This bulletin applies to vehicles produced BEFORE the Production Change Effective VIN shown below.

NOTE

Additional SSTs may be ordered by calling 1-800-933-8335.

Repair Procedure

1. Confirm that the door assist grip cover is loose.
   A. If the door assist grip cover is loose, proceed to step 2 for door assist cover replacement.
   B. If the door assist grip cover is not loose, this bulletin does not apply.
Repair Procedure (Continued)

2. Remove the passenger assist grip cover.

Refer to the Technical Information System (TIS), applicable model and model year Repair Manual:

- 2011 / 2012 / 2013 CT 200h: 

3. On the new part, install the 2 retainers on the plastic holders as shown.
