Subject: E046-E050 PACCAR MX Engine improvement campaigns

Dear Kenworth Customer,

Thank you for your purchase of a Kenworth vehicle, equipped with a PACCAR MX engine.

Kenworth carefully monitors MX Engine performance and reliability, with constant improvement as our goal. Over the past few weeks several key MX Engine updates have been made available, including both software and hardware. This letter is to inform you that the vehicle(s) listed by VIN are eligible to receive one or more of the following no-charge updates:

Campaign E046; install an updated oil filter locking system

Campaign E050; install a fuel doser safety shield

Campaign E050; install updated engine software update to improve reliability and aftertreatment performance

Please make an appointment with your nearest Kenworth dealer or authorized PACCAR Engine service provider as soon as possible to schedule these important updates. Refer to the campaign numbers above, and your dealer can advise you of the approximate time required for these services (less than two hours). You can find the nearest Kenworth dealer at Dealer Locator on the website [www.Kenworth.com](http://www.Kenworth.com).

We apologize for this inconvenience but ask for your cooperation to ensure enhanced satisfaction with Kenworth products.

Thank you,

Mike Kalkoske  
Director, Quality Services  
Kenworth Truck Company
