PRELIMINARY INFORMATION

Subject: Information on Adding Corvette 60th Anniversary Decals and Stripes

Models: 2013 Chevrolet Corvette

Condition/Concern

Customers may have ordered or purchased a 2013 Corvette that did not come with the 60th anniversary stripe package, RPO Z30 option. These vehicles were not ordered with the RPO Z30 option at the time of production. Some customers have requested these decals/stripes be added to their vehicles.

Recommendation/Instructions

GM Customer Care and Aftersales (CC&A) has released all of the part numbers for each of the decals/stripes, which can be added to these vehicles. There are different stripes for different applications, so to reduce confusion, a matrix of the part numbers and applications has been set up and is shown below.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from this information.
