Insta-Chain Tire Chains

Saf-T-Liner C2

This bulletin is releasing the Insta-Chain traction system. This new sales code effectively increases both acceleration and deceleration in forward or reverse during inclement and hazardous driving conditions.

Features and benefits:

1. **Instant traction when you need it.**
2. **Engages in approximately 1.5 seconds.**
3. **Cost effective, outlasts quality conventional tire chains.**
4. **Safety, avoiding potential harm from installing conventional tire chains.**
5. **Square link designed chain provides maximum biting edge contact with the road surface.**

Note: The Insta-Chain option is not available with the equipment listed below.

FL-018-001 BOSCH HYDRAULIC BRAKE PACKAGE
FL-420-1C3 DA-RS-13-2 13,000# F-SRS SINGLE REAR AXLE
