2010-2013 **CC**, Eos, Golf, GTI, Jetta Sportwagen, Tiguan, 2012-2013
Passat, **Beetle** – Service Interval Settings after Instrument Cluster
Replacement

October 26, 2012: Update to Model Applicability

After instrument cluster replacement, service interval maximum values may need to be manually set. To set values manually, use Vehicle self-diagnosis to select 17- Instrument Cluster, then adaptation. Channel “SIA: maximum value of distance to service” should be set to 16000 km and channel “SIA: maximum value of time to service” should be set to 372 days.
