

FINAL

Subject: **2013 Versa Sedan ECM Reprogram
Dealer Service Action**

Attention: **Dealer Principals, Sales, Parts and Service Managers**

***** Service Action Announcement *****

Nissan is conducting a dealer service action to reprogram the ECM on certain specific MY13 Versa sedan vehicles equipped with four-speed automatic transmissions (4AT), model code 11113, in dealer inventory. The reprogram will improve throttle response at start-up.

***** Parts Availability *****

As this is a reprogramming, repair parts should not be needed as part of this service action.

***** Vehicle Identification – Dealer Inventory *****

2013 Versa Sedan vehicles with 4AT transmissions (Model Code 11113) subject to this action can be identified through two methods:

- **Service Comm** – Beginning November 3, 2012, dealer service departments can complete an inquiry on Service Comm – Campaign I.D. PC194 - to determine an affected vehicle.
- **VIN List** – as a courtesy, posted with this announcement is a list of affected Dealer inventory VINs by region, district, and Dealer Code.

***** Dealer Responsibility *****

It is the dealer's responsibility to check Service Comm – I.D. PC194 - for the status on each vehicle falling within the range of this service action which for any reason enters the service department

***** Repair Instructions *****

Nissan dealers should perform the reprogram only on vehicles specifically identified in Service Comm. Nissan has published technical service procedure instructions with claim information. These instructions are available on NNAnet.com under My Documents Sales>Campaigns>, Parts>Campaigns>, Service>Campaigns> categories.
