# HANDS-FREE PHONE POOR SOUND QUALITY

The Applied Vehicles and Parts Information in this bulletin have been amended. Please discard previous versions.

## **IF YOU CONFIRM**

Classification:

EL12-079a

The customer has experienced or is experiencing, while using the hands-free phone, people on the other end of a phone call cannot hear them.

The customer's experience may include:

- Voice is choppy or cuts-out.
- Voice sounds distant.
- Voice sounds as if speaking through a tunnel.
- Voice sounds like it is under water.

## ACTION

- 1. Replace the TEL Adaptor Unit.
- 2. Replace the microphone and the map lamp finisher.
  - For Juke, replace the microphone and microphone finisher.

**IMPORTANT:** The purpose of ACTION (above) is to give you a quick idea of the work you will be performing. You MUST closely follow the entire Service Procedure as it contains information that is essential to successfully completing this repair.

Nissan Bulletins are intended for use by gualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.

# APPLIED VINs and DATES

Model	Year	VINs	Dates

370Z Roadster	Hands-Free Phone Repair	28336-1VU0A	RX2WAA	ZE	32	1.2
Rogue	Hands-Free Phone Repair	28336-1VU0A	RX2VAA	ZE	32	4.1
Juke	Hands-Free Phone Repair	28336-1VU0A	RX2VAA	ZE	32	2.5

## SERVICE PROCEDURE

- 1. Replace the TEL Adaptor Unit.
  - Refer to the AV section in the appropriate Service Manual for replacement information.
- 2. Replace the Microphone.
  - Refer to the AV section in the appropriate Service Manual for microphone replacement information.

**CAUTION:** Be careful not to crease the headlining.

- Make sure to use the new microphone listed in the Parts Information.
- Make sure to use the new map lamp finisher listed in the Parts Information.

**NOTE:** For <u>Juke</u> use a new microphone finisher with new fasteners listed in the Parts Information.

**IMPORTANT**: Make sure the new microphone is firmly snapped into place. If the microphone is loose, it could pick up extra noise from an unintended source.
