

Service Bulletin

Circolare tecnica - Technisches Rundschreiben - Circulaire Technique - Circular Tecnica

Data: 03 August 2012

Subject: **Running-in and maintenance**

Product: **Brutale 675**

Following the procedure of continuous product improvement we would like to focus on some rules to apply and to transmit to the final costumers for the first step of the use of Brutale 675 motorbike.

MOTOR OIL:

Use motor oil AGIP RACING 4T 5W40 or equivalent that meets the following specifications:

- 5W40 fully syntetic
- JASO MA
- API SJ
- ACEA A3

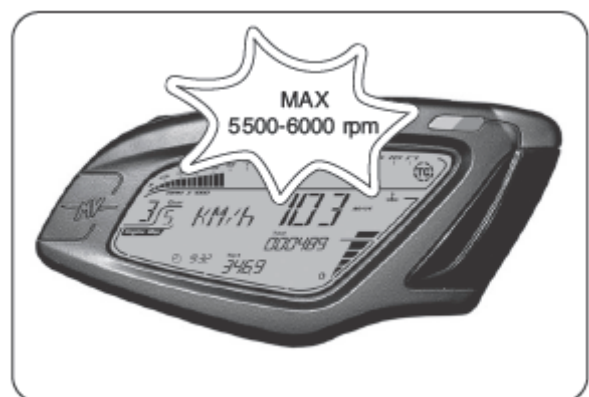

RUNNING-IN:

Respect the following indications:

☐ 0 to 500 km (0 to 300 mi)

Frequently change the engine speed. If possible, prefer hilly routes with gentle slopes and many bends. Avoid long straight stretches.

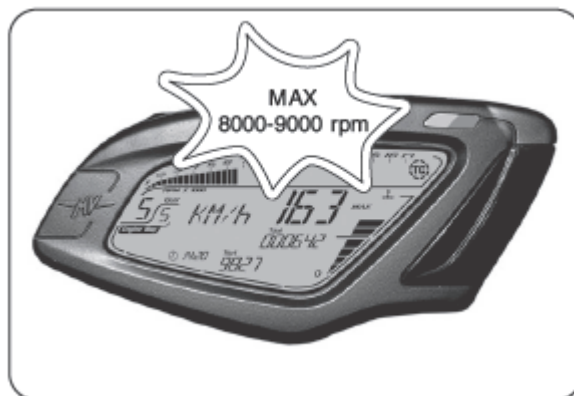

Max 5500-6000 rpm

❑ **500 to 1000 km (300 to 600 mi)**

Avoid lugging or overspeeding the engine,
and vary your speed frequently.

Max 8000-9000 rpm

Rules described above are all quoted on the user's booklet given with the motorbikes and we strongly recommend the customers to read it before using the motorbike.

We remind you that the missing respect of one of the rules cited on the booklet and partly quoted above not allow the costumer to obtain high performances or complete reliability and may invalidate warrenty.

Thank you in advance for your collaboration.

Best Regards,
MV AGUSTA MOTOR S.p.A.
