2013 JX35; INTELLIGENT CRUISE CONTROL MILLIMETER WAVE (RADAR) SENSOR ADJUSTMENT SERVICE

APPLIED VEHICLES: 2013 JX35 (L50)

SERVICE INFORMATION

2013 JX35 vehicles are equipped with a new type of Intelligent Cruise Control (ICC) system which will require a special service tool kit (J-50808) when performing millimeter wave (radar) sensor adjustment service.

The special service tool kit is expected to be released soon after vehicle release.

If ICC millimeter wave sensor adjustment service is needed on a JX35 vehicle prior to the release of the special service tool kit:

- Call TECH LINE at 1-800-662-3497.
- TECH LINE will contact the local DTS.
- The special service tool kit will be shipped overnight to the DTS.
- The DTS will work with the dealership to adjust the ICC millimeter wave sensor.

Infiniti Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Infiniti dealer to determine if this applies to your vehicle.
