# Product Update: CD or DVD (RES) Restarts When the Ignition Switch Is Turned OFF and ON

SB-10043897-2015

Service Bulletin

(Supersedes 11-032, dated December 15, 2011, to revise the information marked by the black bars)

### **REVISION SUMMARY**

ACURA

Under Applies To, some 2011 MDX and TSX models were added.

### BACKGROUND

A software bug causes the CD player or rear entertainment system (RES) to restart the disc from the beginning when the ignition switch is turned to LOCK (0), then back to ON (II).

### **CLIENT NOTIFICATION**

All owners of affected vehicles will be sent a notification of this product update. An example of the client notification is included at the end of this service bulletin.

Do an **iN VIN status inquiry** to make sure the vehicle is shown as eligible.

In addition, check for a punch mark above the first character of the engine compartment VIN. A punch mark in that location means this product update has already been completed.

Some vehicles affected by this campaign may be in your new or used vehicle inventory. Repair these vehicles before they are sold.

### **CORRECTIVE ACTION**

Update the audio-navigation unit software.

### TOOL INFORMATION

CD and DVD Software Update Disc: T/N 07AAZ-TL2AA100 (This update disc updates the AVCCore2 software, the CD software, and the DVD software)

#### WARRANTY CLAIM INFORMATION

OP#	Description	FRT
0105A4	Update the AVCCore2 software and the CD drive software.	0.3
105A4A	Update the DVD (RES) drive software.	0.1

Failed Part:P/N 39107-STX-A73Defect Code:5UR00Symptom Code:S1000Skill Level:Repair Technician

### **REPAIR PROCEDURE**

NOTE:

- · Update the audio-navigation software in this order:
  - 1. AVCCore2
  - 2. CD drive
  - 3. DVD (RES) drive (if equipped)
- Don't turn off the engine or eject the disc during the update. Otherwise the audio-navigation unit will be permanently damaged and require replacement.

### AVCCore2 Software Update

- 1. Start the engine.
- 2. Insert the update disc in the CD (upper) slot.
- Enter the Diagnosis Mode by pressing and holding the MENU, MAP/GUIDE, and CANCEL buttons for about 5 seconds.
- 4. Select Detail Information & Setting.

5. Select Version.

Monitor Check	GPS Information
Unit Check	Yaw Rate
Functional Setup	Car Status
XM(HIP)	Error History
B-CAN	Version

6. Under AVCCore2, check that the fourth digit of the IPL and APP version numbers is **1**.

NOTE: If it is a 2, the AVC software was already updated. Select **Return** to go back to the **Detail Information & Setting** screen, then go to step 5 of the **CD Drive Update**.

7. Select **Download.** The system reboots and the update begins. It should take about 5 minutes.

8. When the update is complete, the system reboots again. Wait for the system to completely reboot, then eject the update disc.

- 9. Turn the ignition switch to LOCK (0) for 10 seconds.
- 10. Start the engine.
- 11. Enter the Diagnosis Mode. Select **Detail** Information & Setting, then select Version.
- 12. Under AVCCore2, check the fourth digit of the IPL and the APP version numbers.
  - If it is still 1, turn the ignition switch to LOCK (0), then go to step 1, and repeat the update.
  - If it is now 2, turn the ignition switch to LOCK (0), then go to **CD Drive Update**.

### **CD Drive Update**

- 1. Start the engine.
- 2. Insert the update disc in the CD (upper) slot.
- 3. Enter the Diagnosis Mode by pressing and holding the **MENU**, **MAP/GUIDE**, and **CANCEL** buttons for about 5 seconds.
- 4. Select Detail Information & Setting.

5. Select Unit Check.

NOTE: On some vehicles, you will have to go to screen 2 to select Unit Check.

## Product Update: CD or DVD (RES) Restarts When the Ignition Switch Is Cycled

Dear Acura Owner:

This letter is to notify you of a potential problem with your vehicle and what you should do to resolve it.

### What is the problem?

There may be a software problem that causes the CD player or rear entertainment system (RES) to restart the disc from the beginning when the ignition switch is turned OFF, then back ON.

### What should you do?

Contact any authorized Acura dealer for an appointment to have your vehicle's audio-navigation software updated. This work will be done free of charge. Please plan to leave your vehicle at the dealer for half a day to allow them flexibility in scheduling.

### **Lessor Information**

If you are the vehicle lessor receiving this product update notice, please forward a copy of this notice to the lessee.

### If you have questions

If you have any questions about this notice, or need assistance with locating an Acura dealer, please call Acura Client Relations at 1-800-382-2238, and select option 4. You can also locate a dealer online at *Acura.com*.

### Sincerely,

American Honda Motor Co., Inc.
