

Service Bulletin

File in Section: -

Bulletin No.: PI0796A

Date: September, 2012

PRELIMINARY INFORMATION

Subject: Service Parking Brake Message Displayed, Electric Parking Brake Light Flashing, DTC C027D Set

Models: 2013 Chevrolet Volt
Built Prior to September 5, 2012

This PI is being revised to add a build date to the models. Please discard PI0796.

Condition/Concern

Some customers may comment on a service parking brake message displayed with a flashing electric parking brake light.

When checking the vehicle for DTCs, the electronic parking brake control module may report C027D as current or in history.

Recommendation/Instructions

An updated software calibration has been released to address this concern. Reprogram the electronic parking brake control module using the Service Programming System (SPS) with the latest calibrations available on TIS2WEB. Refer to the Electronic Parking Brake Control Module Programming and Setup procedure in SI.

Warranty Information

For vehicles repaired under warranty, use:

Labor Operation	Description	Labor Time
H9735*	Electronic Parking Brake Control Module Reprogramming with SPS	0.4 hr
