

TSB#: 12-010S

Job Code: 9801151

Flat Rate: 0.2

NOTE: This Technical Service Bulletin will be valid within (1) year from the original date of publication.

ACTION REQUIRED:

Inspect the outside shower to determine if the hot and cold lines are reversed. If they are reversed, disconnect and hook them back up to the correctly.

MODELS / UNITS:

2013 Autumn Ridge Travel Trailers

289BHS D2815051-5154, 5157-5162, 5164, 5166, 5170, 5180

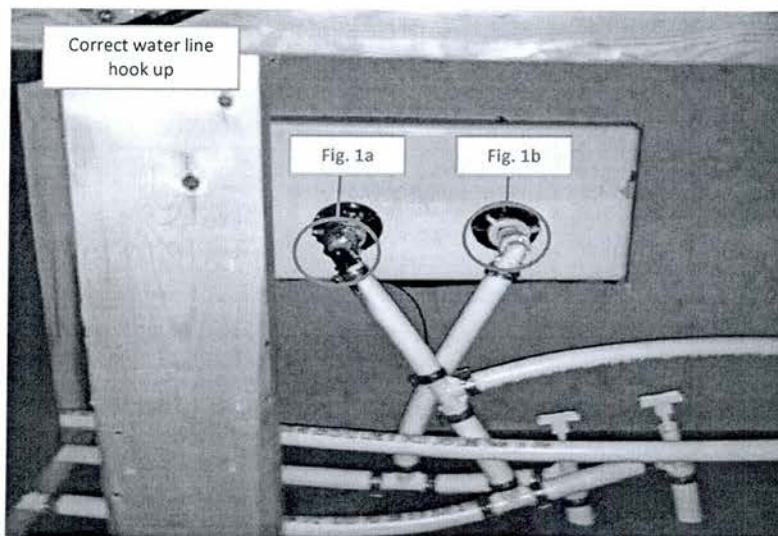

KIT CONTENTS

No Kit Required

TOOLS/MATERIAL REQ.:

INSTRUCTIONS

1. First determine if the water lines are incorrectly hooked up. To do so, go into the unit and lift the bed top on the rear bed. As you look at the connections, the water line with the black paint on the elbow should be on the left (Fig. 1a) and the white elbow should be on the right (Fig. 1b). If the water lines are hooked up this way, no further action is required. If they are not hooked up this way, loosen and remove the water lines and replace them with the black on the left and the white on the right.
