**What vehicles are affected?**

There are 429 Audi vehicles affected in the U.S. by this Update.

Of the affected vehicles, the following are in dealer inventory:

**What is the issue?**

The emblem package on the rear lid of certain model year 2013 Audi Q7 3.0 TDI vehicles is incorrect. The labeling “3.0 TDI Quattro” was installed on the right side of the rear lid. The correct emblem should be “TDI Quattro.”

**When will the Update be available?**

This Update will be visible in ElsaWeb and ServiceNet on or about October 2, 2012.

Please refer to the ElsaWeb campaign/action screen for confirmation of whether the update applies to each specific vehicle. Additionally, this Update is posted on ElsaWeb and ServiceNet for additional information and complete repair instructions.

Consistent with general Audi corporate policy governing Updates, Audi is not notifying consumers. (Updates differ from recalls and service actions; consumers are notified in writing of recalls and service actions.) Each vehicle should be completed when it is in to the dealer for maintenance or any other service visit. Dealer stock vehicles **cannot, however, be delivered** to consumers until the Update is completed.
