

SECOND NOTICE
Customer Notification Letter

RE: BODY SERIAL
CHASSIS SERIAL

When you purchased your new Winnebago Industries produced motor home, you also received our commitment to provide you with a quality product and our dedication to continuing customer satisfaction. In keeping with this commitment, we are notifying you of a service issue that affects your 2013 Winnebago Industries motor home.

Our records indicate that you have purchased a vehicle with the serial number, which appears above.

What We Will Do

Winnebago Industries, Inc. dealers will install a new version slideout control module and stop tubes to your slideout system. This will greatly improve the long-term reliability of your slideout room by removing the chance of the room extending too far and causing damage to the slideout mechanism.

What You Should Do

Contact your Winnebago Industries Inc. dealer soon to arrange for a service appointment. The labor time necessary to perform this operation will be approximately three hours. Please allow sufficient time for your dealer to process your vehicle on the date of your appointment.

Important

This campaign and offer to provide service is being done at no charge to you. The offer for a no cost repair has been extended to January 30, 2014 at which time the campaign will be closed.

If You Need Assistance

If you have questions or need assistance, please contact the Winnebago Industries Owner Relations Department at 800-537-1885 Monday through Friday from 7:30 a.m. to 5:00 p.m. Central Time or by e-mail: or@winnebagoind.com.

We are sorry to cause you this inconvenience. We have taken this action in the interest of your continued satisfaction with our products. This letter does not constitute an acknowledgement of legal liability.

Thank you for choosing a Winnebago Industries motor home.

Winnebago Industries, Inc.
Forest City, IA 50436
