Dear Mitsubishi Owner,

Mitsubishi Motors North America Inc. has determined that due to variations in production, certain exhaust manifold mounted catalytic converters may experience catalyst layer separation on affected vehicles. If this occurs, the vehicle's on board diagnostic software (OBDII) will illuminate the "Service Engine Soon" or "Check Engine Light" indicator.

To ensure your continued satisfaction with your vehicle, Mitsubishi is extending the warranty for the exhaust manifold mounted catalytic converters on your vehicle from the current 8 years / 80,000 miles to **10 years / 120,000 miles**, whichever comes first.

If you already had an exhaust manifold mounted catalytic converter replaced on your vehicle and paid for the repair, you may send your original receipts and/or other adequate proof of payment to the following address for reimbursement consideration:

Mitsubishi Customer Relations Department, P.O. Box 6400, Cypress, CA 90630-0064

Please keep a copy of this notification with your vehicle's warranty book for future reference. If you have any questions, please contact us:
