**FOR:** U. S. Dealers  
All Business Centers

## PURPOSE:

To announce a VIP LOP Restriction Program on the **6F24 Powertech 6 Speed Auto Transmission** in an effort to monitor and correct quality issues in a timely and efficient manner.

## Affected Vehicles:

2014 - Jeep Compass /Patriot (MK)

## TIMING:

Effective June 10, 2013 – December 20, 2013

At the end of this VIP LOP Restriction program, the authorization for a transaxle replacement must be secured by submitting a Powertrain Pre-Authorization Request. Reference Warranty Bulletin D-13-04 for further guidelines.

## ACTION:

Prior to servicing any referenced vehicle, a VIP must be run to identify any repair that may be on the VIP LOP Restriction Pre-Authorization program.

If a repair is on LOP restriction, the dealer must call the STAR Center Hotline at 1-800-850-STAR (7827) and enter the "more options" prompt and select the "Parts or Labor Op Restriction" prompt.

The LOP Restriction Warning Message will display the following on the Warning Message Tab in VIP: **Repairs listed in the Vehicle Restriction Section require prior authorization from Star/Tech Hotline. Please call the Star Center at 1-800-850-STAR prior to completing vehicle diagnosis.**

A claim submitted for a repair that has a LOP Restriction and without a Pre-Authorization will reject with a message code RB5: "This repair must be pre-authorized because VIP shows that the vehicle has a STAR/Tech Hotline LOP restriction."

*Claims submitted without the required Pre-Authorization will be denied.*

**ADDITIONAL INFORMATION:**

Dealers will see repairs on restriction in VIP by LOP and Part number.

Note: It is possible for a vehicle to have multiple parts and LOP's on restriction.

Alternate transportation reimbursement requests can be submitted on the same claim as the warranty repair.

The STAR Center will not authorize special services under this program.

*Please ensure that all affected dealership personnel are aware of this bulletin.*
