

WARRANTY BULLETIN

TO: Dealer Principal, Service Mgr., Service Adv., and Warranty Claims Administrator

NO: D-13-14
DATE: February 28, 2013

SUBJECT: (X46) Fuel Tank Inlet Check Valve (Fuel Filler Tube) – 2007-2008MY Nitro and 2008MY Liberty

FOR: U. S. Dealers
All Business Centers

PURPOSE:

To announce an Extended Warranty for Fuel Tank Inlet Check Valve on certain 2007-2008 MY Dodge Nitro (KA) and 2008MY Jeep Liberty (KK).

This warranty extension coverage is for unlimited time and miles from the original in service date.

Affected Vehicles:

2007 - 2008	Dodge Nitro (KA)
2008	Jeep Liberty (KK)

TIMING:

Effective Immediately

ACTION:

Always check VIP to verify if a vehicle is involved in a warranty extension. A vehicle involved in this Warranty Extension will display an (X46) Inlet Check Valve message in VIP. If no X46 coverage message displays in VIP, no further action is required on your behalf.

All technicians should familiarize themselves with Service Bulletin #14-003-13 dated February, 2013 before replacing the Fuel Tank Inlet Check Valve on referenced vehicles. This Service Bulletin has been released to assist all dealers in the proper diagnosis and replacement of the Fuel Tank Inlet Check Valve.

The Global Claim System (GCS) will only honor the extended warranty coverage on the labor operation number(s) listed in the Service Bulletin.

Refer to Service Bulletin #14-003-13 dated February, 2013 for additional Part and LOP Information.

Dear (Name):

This letter is to inform you that the warranty period (3 years or 36,000 miles) on your vehicle's fuel tank inlet check valve has been extended to lifetime coverage. This extended fuel tank inlet check valve warranty coverage applies to select model year 2007 – 2008 Dodge Nitro and Jeep Liberty vehicles. Our records show that you either own or lease one of the vehicles affected by this extended warranty.

We are extending the fuel tank inlet check valve warranty period because some of the affected vehicle population may experience fuel spilling out of the filler port during refueling, typically after the fuel fill station nozzle has automatically shut off. If you are experiencing this condition now or in the future, simply contact your dealer to have the repairs performed. **Conversely, if you do not experience this condition, then your fuel fill system is operating correctly and no repair is necessary.**

If you have already experienced this fuel spill condition and previously paid for a repair, you may be eligible to receive a reimbursement. You may complete the enclosed Customer Reimbursement Claim Form and send your original receipts, invoices and/or repair order to the following address for reimbursement. Your claim will be acted upon within 60 days of receipt:

Chrysler Customer Assistance Center
P.O. Box 21-8004
Auburn Hills, MI 48321-8004

If you have questions or need any assistance, please contact your dealer or the Chrysler Customer Assistance Center between the hours of 8:00 AM and 8:00 PM, EST, Monday through Friday or Saturday and Sunday 9:00 AM to 5:00 PM, EST. They can be reached at 1-800 4-A-Dodge (423-6343) or 1-877-IAM-JEEP (426-5337).

Please keep this letter in your glove box along with your vehicle's other warranty information for future reference if necessary. This warranty extension applies only to the inlet check valve/fuel spill back condition described above; the other terms and the "What's Not Covered" items of your warranty remain the same as stated in your Warranty Information book.

Chrysler is taking this action to demonstrate its commitment to your continued satisfaction.
