

# Service Bulletin

## PRELIMINARY INFORMATION

**Subject:** PQC Fuel Tank Cover Assembly Restriction On Certain NU6 Equipped Vehicles Has Ended

**Models:** 2007 - 2010 Chevrolet Cobalt  
2007 - 2010 Pontiac G5  
2007 Saturn Ion  
Equipped With NU6 Emissions ONLY

*This PI was superseded to advise the Part Restriction has ended. Please discard PIC5671C.*

The following diagnosis might be helpful if the vehicle exhibits the symptom(s) described in this PI.

### Condition/Concern

Effective 05/29/12 the fuel tank assembly part numbers 25815572 or 25948766 will no longer be on Restriction through PQC.

### Recommendation/Instructions

If it is determined that a Fuel Tank Assembly is necessary during repairs for the above listed vehicles and part numbers, the parts can be obtained through GMSPO.

Please follow this diagnostic or repair process thoroughly and complete each step. If the condition exhibited is resolved without completing every step, the remaining steps do not need to be performed.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
