

Service Bulletin

PRELIMINARY INFORMATION

Subject: Concerns Or Questions Regarding Installation Of Dealer Installed Accessories

Models: 2000-2014 All General Motors Light Duty And Passenger Cars

This PI was superseded to update model years and revise the ParTech call tree. Please discard PIT3099J.

The following diagnosis might be helpful if the vehicle exhibits the symptom(s) described in this PI.

Condition/Concern

Installation concerns, parts concerns, diagnosing components that you are installing and/or Instruction Sheet are missing when installing the GM Accessory.

Recommendation/Instructions

Some GM Accessory installation instructions can be found in SI. If the installation sheet was not packaged with the GM Accessory, check SI for availability. If the missing instruction sheet is not available in SI, for questions regarding installation, DIAGNOSING the GM Accessories you are installing or have any missing parts, contact Partech at 855-GMCARES (855-462-2737) for assistance. Select the following:

For U.S and Canada (Car and Truck) :

- ⇒ Select Prompt 2 for ParTech.
- ⇒ Enter the 6 digit dealer customer code.
- ⇒ Enter the part number of the accessory in question. If there is a known issue, a message will play.
- ⇒ If further assistance is needed, select Prompt 2 to speak with a ParTech analyst in the accessory group.

ADDITIONAL SI KEYWORDS:

Please follow this diagnostic or repair process thoroughly and complete each step. If the condition exhibited is resolved without completing every step, the remaining steps do not need to be performed.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
