Subject: Upcoming Communication to Owners of 2009-2013 MY Audi TDI® Clean Diesel Engine Vehicles Registered in the State of Illinois – Using Biodiesel Fuel Blends

Dear Audi Dealer Principal, Service Manager, and Parts Manager:

Due to Illinois state tax incentives for biofuels, biodiesel blends of B5 or less may not be available in the State of Illinois.

Because Audi supports the development and use of renewable fuels (such as biodiesel fuel blends), customers with 2009-2013 MY Audi TDI® Clean Diesel Engine vehicles **registered in the State of Illinois only** will receive a communication on or about February 21, 2013 regarding the use of biodiesel fuel blends in their vehicles.

Audi will continue to honor the terms and conditions of Audi Limited Warranties that came with these vehicles. Please refer to Warranty Policies & Procedures Bulletin AWA 13-01 for additional information.

Dealers with questions should contact Warranty.

Jamie Dennis
Director, Product Quality & Technical Service
